

Low smoke & fume flame retardant spiral binding.

Key features.

- Low smoke and fume flame retardant non-halogen spiral binding
- Designed for insulation, communication, optical and sheathing applications

Specification.

Material:
Thermoplastic zero halogen,
UV stabilised, low smoke, flame
retardant

Service temperature range:
-20°C to +90°C

Colour:
Grey

Flammability:
Oxygen index 35%, ISO4589-2
(ASTMD2863) temperature index
316°C, halogen content 0

After heat ageing for 7 days at
100°C:
82% IEC 60811-50

Part number	Wall thickness (mm)	Coil length (m)	MOQ metres (min order qty)	Outside dia. (mm)	Pack quantity
0240	0.4	50	50	3	1
0241	0.6	50	50	6	1
0242	0.8	25	50	12	1
